Purpose: Dynamic Networking is to get to know business in the community and what that business does. People are more willing to do business with you if they know who you are. It is also a way to bring prospective business to the Chamber of Commerce so the Chamber can help you promote and grow your business.

Objectives:

- 1) Encourage regular attendance
- 2) Encourage Members to invite fellow business professionals to attend
- 3) Provide all attendees the opportunity to share a 30-second commercial about their business
- 4) Encourage Members to recognize the opportunities that grow from passing referrals.
- 5) Provide Members (one per week) the opportunity to provide a 10-15 minute presentation to attendees
- 6) Include time to hear testimonials from Members about utilizing their Chamber Membership
- 7) Send informative e-mails prior to luncheons educating the Membership of the presenter, location and time
